Subject: [Redacted] cafeteria

(b)(3)

Feedback: The line to pay in the cafeteria goes all the way out the door and is at least 30 people deep. Why would they build a building this large and have a cafeteria that small with one cashier? Have you seen [Redacted]? It's twice as big with 5 cashiers. What happens when [Redacted] goes in? I think you have a major problem on your hands here. There is no way we will all even fit in that cafeteria and will never be able to pay before our 30 minutes is up.
